

## **Community Risk Reduction**

(See more at [www.strategicfire.org](http://www.strategicfire.org))

**When:** April 28<sup>th</sup>, 2012

**Where:** Rosemount Fire Station #2, 2047 Connemara Trail West, Rosemount, MN 55068

**Time:** 9am-4pm

### **Instructor and Class Details:**

The instructor, Mike Senchyna retired in December 2010 from Vancouver, WA fire department from over 30 years of service, the last 10 as a Battalion Chief in operations. Mike's education includes BS and EFOP and has been involved in IRM/CRR throughout his career in Vancouver and through the National Fire Academy. He has taught CRR pilot courses for V20/20 and the CDC in Wilmington, NC and Portland/Vancouver. Areas of special focus during career include natural disaster education for FD and public; wildland/urban interface education, response and outreach; dispatcher and FD training for CAD and other systems.

This Community Risk Reduction course will help you identify fire and life safety risks, prioritize those risks, determine how to prevent or mitigate risks, focus your efforts efficiently, and be involved in the community.

The class will include information on:

- **Definition of Community Risk Reduction**
- **CRR case studies**
- **CRR terminology**
- **Identifying and prioritizing risk**
- **Prevention and mitigation strategies**
- **Develop, Implement, and Monitor the CRR plan**
- **Philadelphia case study**
- **CRR solutions to real problems**
- **Conclusion**

Please RSVP if you can attend.

Scott W. Aker, Fire Chief  
City of Rosemount
