**Subject:** Michigan Public Assemblage Question

Steve,  
Could you please send this email link out to the IFMA contacts.

Dear Fire Service Colleagues,  
The State of Michigan, through a work group of fire safety professionals set up by State Fire Marshal Secontine, is conducting a survey of other States regarding the inspection of Public Assemblies. We are working to update our state fire prevention law and need to address an issue with the inspection of public assemblage. Please follow the link below to take a short survey.  
Thank you,
